Hiring a Boat:

Hiring a boat will be made until November 4th 2022. The application should be sent by E-mail to the addresses listed below, the confirmation will be sent via e-mail.

Tournament Description:

The event will consider the capture of species such as: blue marlin, sailfish, wahoo and dolphin fish. The permitted fishing line will be 60 pounds and the notification of a tag and release or a capture will be informed to the marina control centre stating the time, the number of the team and the area where it occurred. Each crew will carry a camera that will be delivered to the jury at the end of the day, with 3 photos: when they capture the fish, when they tag it and then when they released.

The boats will be those used by MARLIN and fishing yachts from 33 to 42 feet equipped with four lines each.

Prizes:

First, second and third places: (according to the scores.)
The first capture of marlin specie will be awarded and also the biggest dolphin fish.

The team award consists in all cases of work of arts related to fishing. Varying its value according to the place obtained and accompanied with typical Cuban souvenirs.
